About Create Change:

Create Change is a Canadian non-profit organization dedicated to increasing awareness and providing access to those living without clean water, education, and health, in Africa. www.createchangenow.ca

If you know anyone who has always been interested in Acupuncture and Chinese Medicine, this is the perfect opportunity to ask questions and try some of our services, *while also helping someone else in the world by us treating you and you treating yourself!* Everyone is welcome (friends, relatives, kids) so spread the word. We look forward to celebrating with you!
